The fight to be waged to prevent loss to property owners along the Delaware river in Bristol borough and Bristol township, due to the proposed deepening of the Delaware river channel to 40 feet, took definite form last evening. A meeting attended by approximately 30 representatives of industry, municipalities and individual owners, was held in the municipal building, with Burgess I. J. Hetherington presiding.

Resolutions were prepared, individual letters read, and petitions received, all of which will be made a part of the exhibit to be presented at a public hearing February 11th, in Washington, D. C., before the U. S. Army Engineers.

At the opening of the hearing in the council chamber, Burgess Hetherington announced that he will attend the hearing in Washington on February 11th. He read numerous letters he had received, and also a copy of a river survey made for the Sun Oil Co., in 1940. Excerpts from pamphlets of Incodel were read. River front property owners from

God's Glory in The Law The Law of the Lord is perfect,

refreshing the soul; The decree of the Lord is trust-

giving wisdom to the simple. The precepts of the Lord are right.

rejoicing the heart: The command of the Lord is

enlightening the eye; The fear of the Lord is pure,

enduring forever; The ordinances of the Lord are true. all of them just;

They are more precious than than a heap of purest gold;

Sweeter also than syrup or honey from the comb. Though your servant is careful

very diligent in keeping them. Yet who can detect failings? Cleanse me from my unknown faults!

From wanton sin especially, restrain your servant; let it not rule over me

Then shall I be blameless and innocent of serious sin.

Let the words of my mouth and the thoughts of my heart find favor before you, Lord, my rock and my re-

deemer.

WASHINGTON REPORT"

By FULTON LEWIS, JR. (Copyright, 1952, King Features Syndicate, Inc.)

University of California officials an Communist ganda. The Daily discovered, of all things, a recent Californian, the visitor to the USSR on the campus.

Iniversity of California daily news- They had her interviewed by a repaper, prints a fairly steady stream | wanted to see most and that is what of Moscow grist in one form or they showed us." another. Just recently, in fact, the

series of articles by students who have either been in Russia or in Soviet controlled nations where ordinary Americans are not permitted to visit. One thing the editors neglected to point out is how these students managed to part the Iron Curtain with such ease.

One of the students spent some time at the Communist world festival of youth and students for peace. held in East Berlin. He never had such a thrill, he informed his campus friends, through the courtesy of the college newspaper. He wrote

'We received gifts of letters written by Korean soldiers in the trenches asking the American people to impose peace in Korea and to remove all foreign troops. From talking with these young people we got the impression that the Korean people as a whole want to be left to settle their own affairs, and that they are as a nation bitterly hostile towards the United Nations (mostly American) troops who have brought so much destruction and grief to their country.'

That is, of course, pure Communist propaganda, and if The Daily Californian's editors don't have sense enough to recognize it, they ought to be replaced.

Right now, university officials and members of the board of regents are trying to find out why the university paper has to print Com munist propaganda at all. It's a bit of research that needs doing and even though the cry of censorship is being wailed on the campus, they should find the answer. The Communists have their own publications, so it doesn't seem necessary

Grapple With Problem Of Full-Time Director

NEWTOWN, Jan. 31 - The board of directors, Neshaminy Valley Youth Center, on Monday evening grappled with the problem of re placing the recreational director. Irwin Saulsbury, who was recently inducted into the armed service. The center has been open on

Saturday nights only (since his eaving) for the Teen-age dance which has been under direction o Mrs. Robert Sheeran and parent chaperonage. The board announces two townspeople have volunteered part-time help, namely George Carleton and Mrs. Doris Allen.

Although alert to the need of employing a full time recreation director, it seems unlikely until next fall. Since the center is occu pied by organized groups about half the time, it was decided to proceed at present on part-time program. A full-time program, including playground supervision for all ages, is being considered. director for same being available.

The Youth Center board has submitted a petition to Newtown borough council, requesting that body to appoint a recreation commission to study the problem of bringing the community recreation project under local government.
